

Colors of Nature Summer Academy

Do you love creating art?

Are you entering the
5th, 6th or 7th grade next fall?

Apply for a one-week summer program, and let science be your inspiration. Explore the biology, physics, and nanotechnology behind the colors of nature while creating your own colorful masterpieces. The program is through the National Optical Astronomy Observatory, and the Arizona Sonoran Desert Museum. Kitt Peak is providing a limited number of full scholarships for O'odham students. Transportation will be provided from San Xavier to the Desert Museum

ASDM Summer Academy
July 13-17, 2020
9a.m. to 4p.m.

Arizona Sonoran Desert Museum

Applications will be accepted
until the camp is filled.
